

**A clean energy future,
crafted in Queensland.**

STRATEGY

Delivering clean energy solutions to help our customers thrive in a net zero future.

- Lead Queensland businesses through the renewable transition as a major provider of clean energy.
- Provide a 5GW portfolio of wind and solar generation firmed by low-emission hydro, gas, and storage assets.
- Create positive social and environmental outcomes for our people, customers, and community.

VALUES

STRATEGIC OBJECTIVES

CUSTOMER GROWTH AND INNOVATION

Grow our business to service 20% of the Queensland market. Develop, tailor and partner to create innovative energy solutions which meet the electrification and sustainability goals of our customers.

INTEGRATED SUSTAINABILITY

Place net zero and sustainability at the core of what we do. Demonstrate visible standards for how we interact with the environment and communities that host our generation and storage assets.

PORTFOLIO GROWTH

Serve our customers with a 5GW fleet of wind and solar generation, backed by a market leading low-emission firming portfolio of gas, hydro and energy storage assets.

STRATEGIC ENABLERS

Delivering on our purpose and achieving our strategic objectives

DIVERSE AND CONNECTED TEAM

Cultivate a thriving, connected team of talented and diverse people who are proud to be part of CleanCo's mission. The experience and insight our people gain will set us up for ongoing success.

OPERATIONAL EXCELLENCE

Safety is our first priority and a fundamental embedded in our culture. We are skilled at what we do and set high standards for our operations, use of capital, and governance.

DIGITAL TRANSFORMATION

Modernise our ways of working through the adoption of digital technologies to further secure, scale and transform our business to deliver on our objectives.
